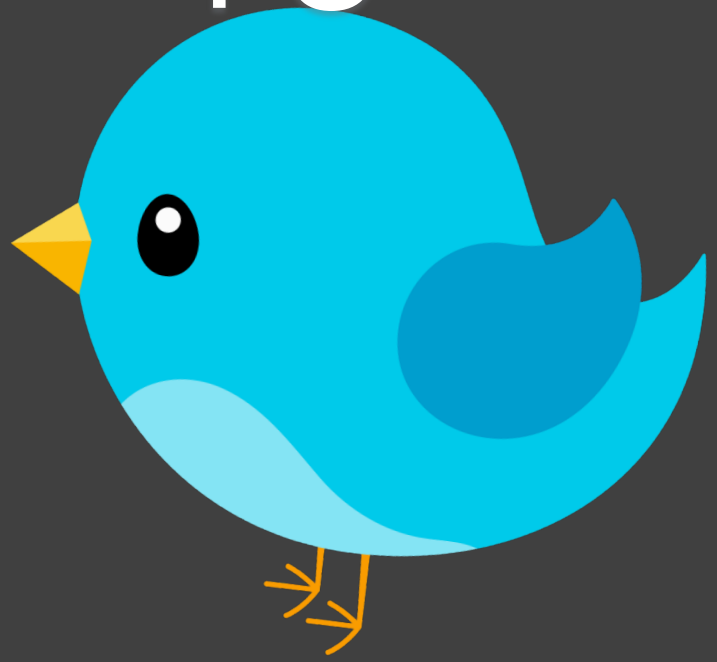
Flutter - Exercise F8

Dart Basics



Dart Flutter

by Max Berktold & Max Steffen

Show a question

- Extend your question object to store two hints and the solution
- On click on a question go to a question detail page
- There you should see the question
- After a first user action -> show the first hint
- After a second action -> show the second hint
- After a third action -> show the solution of this question
- On close go back to the questions list
- On click on the FAB button go to a random detail question page

Feedback

- Go to our discord server (https://discord.gg/N8sGhCWgX6)
- Post your solution in an own thread under ”Course Members” -> “tasks”
- When you do not see ”Course Members”, write us a short message in discord and we give you access.
- Look into other solutions and discuss different solutions.
- You do not need to add your solution in Udemy as answer.
